

## Week 5

## Walking in Light

### Meet:

*Enjoy catching up.*

### Read:

*Humbly pray.*

### Ephesians 4:1-5:14

### Learn:

This week you'll be using the COMA method of Bible study. *This does not mean it'll put you to sleep.* There are four words in this method to help us interrogate the text:

Context. Observations. Meaning. Application.

This is similar to the inductive method we used in sessions 1 & 2, the difference here is that we are spending some time thinking about the CONTEXT or the setting of our passage.

When considering the context we ask;

Where does this passage occur in the **letter**? What came before, what follows on? This helps prepare us to make observations and gain insights into the meaning?

Also, where does this letter fit into the **New Testament** and how does it fit into the **whole story** of the Bible?

### The COMA Method of Bible Study

#### Context:

#### Observations:

#### Meaning:

#### Application:

#### Pray:

Spend some time praying for each other.
